HARVESTED:	September 19, 2008
BOTTLING:	February 26, 2009
PRODUCTION:	122 cases produced
SUGGESTED RETAIL:	\$16 per bottle

TASTING NOTES

Garnacha Blanca is Spanish for Grenache Blanc. It is a fruity, aromatic white wine with a light straw color. Our 2008 Garnacha Blanca shows its varietal character with enticing aromas of Meyers lemon, mango and Valencia Orange Blossoms. It is full and round in the mouth with creamy apricot flavors, kiwi and honeydew melon. This Garnacha Blanca shows excellent balance with its fruity aromas, creamy mouth feel and bright acidity.

GARNACHA BLANCA FACTS & HISTORY

This white-berried form of the Garnacha originated in Spain's northeastern corner of the Rioja, Navarra and Catalunya. It was selected centuries ago along the southern Pyrenees as a mutation from its parent, Garnacha. From here it spread quickly throughout the Ebro River basin, traveling east and north into southern France. It is a hardy, drought tolerant, vine with strong, thick wood and an upright growth pattern. It provides fruitiness and fattiness to a blend when fermented and aged in oak barrels. Our stainless steel, cold-fermented version accents this variety's fresh fruit aromatics and soft supple mouth-feel.

BOKISCH VINEYARDS PHILOSOPHY

Markus and Liz Bokisch are dedicated to producing hand-crafted Spanish varietal wines with a distinctive California style while exhibiting the true character of the grape. Their goal is to have Spanish varieties such as Albariño, Graciano, Tempranillo and Garnacha roll off the wine lover's tongue just as easily as other Spanish words embedded in our culture. All of their grapes are estate grown and farmed with a conscientious outlook toward sustainability and organics. They are proud to link their family heritage from Spain and pioneer California through their wines.
